

POLICY *SUITE*

**Best-of-breed Insurance
Distribution Systems**

POLICY Suite is a complete solution designed to simplify and improve your digital insurance distribution system. Acting as a far superior, efficient, and productive Middle Office for Insurance, it offers features that support different user paths, product lines, and system integrations to ensure a smooth experience for both insurance providers and their clients.

Front End Journeys

Streamline for 70% efficiency with PWA

Optimize agent workflow with Virtual Office

For Agents

Revolutionize agent operations with a centralized digital hub equipped with tools for efficient task management, sales, and customer support.

Simplify customer onboarding with Digital Onboarding

For Customers

Simplify the customer onboarding journey, facilitating seamless enrollment across various channels. Eliminate paperwork and expedite the onboarding process.

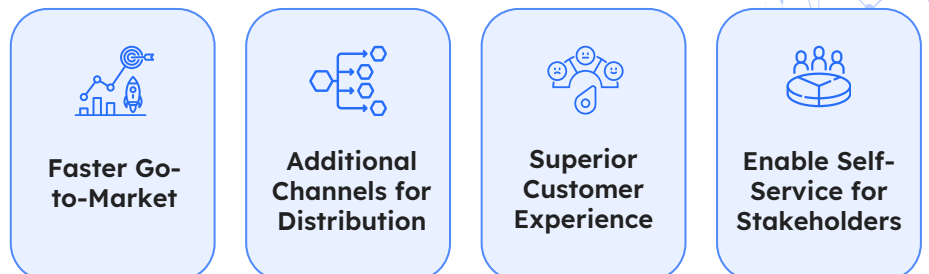

Enable Need-based purchasing with Aggregator framework

For Brokers

Facilitate informed decision-making by offering customers a single platform to compare and purchase insurance products and empower customers with choice and convenience.

Roll out new products/change requests 5x faster

From Core Insurance & Document Management System to services such as Payment Gateways, TPA, and Email/SMS Gateways, get the business benefits that can elevate your insurance business across the competitive marketplace.
